AROUND CAMP

We dedicate this issue of "THE MYAKKA RATTLER"to Lieutenant W.D. Veal,Our Commanding Officer..

The Easter Holidaies will be overcast with gloom for Company 1421. On Thursday,the 18th,Lieutenant Veal will be officially released of command of the Company and his successor will take over the reins.

Lieutenant Veal commands the respect and admiration of every man in camp.We all know that he is just and impartial and has always been willing to meet halfway,any ennrollee in trouble,or with a complaint.He has kept intact the record his predecessors established of fairness and justice to all,and on several occassions he has gone them a little better.

Lieutenant Veal has already served three tours with the CCC.Two tours with the Veterabs Company at Homerville,Ga.,which was rated the best Camp in the Fourth Corps Area last year. He succeeded Captain Phillips as Commanding Officer of Company 1421,the latter part of last September. This camp at that time was located in Penny Farms. The name of his successor has not yet been revealed.

Lt. Veal will return to his home in Millageville Georgia. Taking with him the best wishes of this Company. It has been a pleasure to have him with us. We hope you and your family the best of luck as you go out into life as once more a citizen and business man. Your kindness to all of us will never be forgotten along with your cool consideration of anything that would benefit this camp.

Signed
Enrollees of
Company 1421 SP-4

LATE NEWS

INFIRMARY PAINTED

Preston Morton and Harvey have been seeing all the patients at the first aid room for the last week.Earl Rinker the dean of the infirmary,has been indulging his passion for painting.

So far the first coat has been put on and the second just been started,but already the infirmary looks almost a hundred percent better.

LIEUT.MACKEY

Every member of the Company will be glad to hear that Lieut. Mackey is now with the National Geographical Survey.He is now located at Camden,South Carolina.

Lieut Mackey was ordered back to service with the CCC?but declined,due to his permanent position with the Geographical Survey.

LIEUT.ANDERSON

Lieut.Anderson,Mess Officer of the Company,is now at Miami and will remain there for several days on detached service.

VETERANS STAY

Orders have been issued from Headquarters of the CCC,that all men with eighteen months service will have to be discharged.This does not include enrollees holding key positions and so will have no effect on this Company.

There are only a few in camp with that length of service and they are all holding key positons.

TWO MORE FOR HOSPITAL

Two more enrollees went to the hospital Wednesday;Bennie Donnard and Joss McColeman.Bennie left to be treated for an infection of the side of his face.It had caused him much pain and swollen his right cheek.

McColeman went in under observation for appendicitis.He complained of a pain in his right side.

RATTLER IN CAMP

Rattlers seem to like camp life as well as the enrollees.One was killed Thursday evening between the Recreation Hall and Number One Barrack.

FOUND: One letter somewhere in camp. I wonder who it belongs to?. Anyway it reads like this:

My Dearest Heart:

Just a few lines (I hope you drown) to let you know that if I ever see your misshapen mug again it will be too soon.

Perhaps you wonder why I write like this. You should. Or have you forgotten the night you left me standing all alone on the corner waiting for you to take me home?.

Now dearest don't think hard of me (Ihope you croak) because I don't love you-but the next time you take me to the dance and leave me for that other girl, I am going home with Holmberg-and how do you like that?.

Dear heart, tonight I am so sad and lonely it seems as though my heart will break - and all because of a sad mistake. You see dear I read in the paper where you were killed in a wreck. I sure was happy until I learned that you were still alive and my grief was because you had Sally Rubbenbeck's

In the realm of the"painters' ppainter", Valasguez(Vay-lahs-keth) stands pre-eminent.He is the greatest techniquetion in the world of art.He was a Spic,being born in Seville,Spain in,lets-see-well during the latter part of the sixteenth century.His mother encouraged him in his art.She wanted him to be an artist;his father wished to make him a lawyer-he became an artist.At the age of fourteen he started painting seriously,studying under Pacheco.He broke every rule and principle taught by his teacher and married his daughter at the age of nineteen-on top of all that.At the age of twenty three he wanted to be court painter to the King of Spain.His letter of introduction failed at first so he decided to stay and paint at Madrid,and let the quality of his work make an opening.In a few months the King sent for him and appointed him court painter.For the next thirty eight years-until the artist's death the two remained firm friends.

Rubins said"velasquez will never be a great painter-he dosen't stand close enough to follow the fine

GAME SATURDAY

Saturday April 13 will see the Myakka Rattlers baseball team get under way of another season.

Myakka City will be their opponents. The game is to be played there. Three o'clock is the time designated for the starting of it.

The Rattlers will be greatly handicapped as Chicky Leiro the star catcher has departed from our camp to work in his home town.

The aid of Phelix Gonzalez on first base will also be missed but Ben Richardson is expected to fill that position as well as anyone could.

Earnie Smith will perform the position back of the bat in Leiros place. He is a capable man for the position and will perform nicely there. He was one of our last season's best hitters. Much is expected from his bat this year.

Captain Cone or Quesada will do the hurling. Either man should hold the Citizens to a low score. If the men hit well the boys should come home with another win.

TENNIS TOURNAMENT

Sunday April 14 will see the Tennis aspirents get under way. At the courts in Sarasota.

Douglas Reynolds and Bob Kelly have been working hard to put a tournament over and their efforts are about to be realized now.

The men taking part in the tournament are: Red Phillips, Eddie Gonzalez, Carl Shugars, Bob Kelly, Douglas Reynolds, and others.

Nilo wants all of his cooks fired as he has not had a Cigrrett duck since they came in the kitchen.

Buddy King, Otto Knowels, and Edd Salyers seem to like pushing their bikes through town. They had to like it.

Mr. Regan and his family enjoyed a fish fry, Thursday night along the Myakka river.

SOCIAL NOTES

Well here we are again, telling you about another dance. This time I'ts going to be about our last one.

It was really what the boys call"The Berries". A lot of new faces were seen - Pretty faces at that-the trucks were on time for once and so was the orchestra, which played at it's best until the small hours of the morning.

More floor space was avaliable at the dance as the benches were moved from the hall.

The special feature of the evening was a solo dance donn by one of the girl visitors from Sarasota thh boys liked it very much and the little lady got a great big hand.

All in all,every body had a good time.

Next week we will have a farewell dance in honor of Lt. Veal, as you ought to know, he's leaving us the eighteenth,

WELCOME HERE

THIS AND THAT

Well here we are again with another apology. This one for Tom Crosby. It.is Mr.Godwin who is associated with Messers Richardson and Chaires in their cradle-snatching enterprise.

It is no longer Savage's girl,Palooka is now the fortunate one.Box-Car, Savage and Palooka.Our congratulations,Mr.Nash.

At one time W.R.Monroe and Babe Clayton were having a discussion about their respective towns.W.R. said;"Your town is one of those in which all the natives go down to the station to see the train come in."

Babe,"What train?"

Asher tired at being a wall-flower enter Sarasota determined on learning the rudiments of the dance.In a short time he had his arms about the fair young instuctress and they were gliding down th the floor.The young lady pulled them up and said,"You started off wrong that time,we'll start all over again."

"Wil before we start tell me which foot do I start off on,your right our left.

The game around camp has been having quite a rest since"Big Game Hunter" (Chicken) has gone to Jacksonville for a short vacation.

These two illustrations also have no connection with the content of this page.

We hear that Shugars and Clayton had a big time at the skating rink in Arcadia.

The clubhouse of the R.K.O.L. was the was the scene of the largest re-union of the Knights in several weeks.At one time there was standing room only.

Beans Smith is the latest to go Arcadia.That town has a peculiar fascination for the Greenacre boys.

Silcox and Grimmit returned Sunday from Ebor City.Royality is still interested Silcox,while Ed was satisfied with Art.

Picture in your pocket. I now have the German's picture on my dresser. It acts very well as a roach exterminator.

Honeybunch, mother says I should not be so hard on you, however dad says you had better bring back the silver ware you swiped at dinner the other day. As for me, dear heart, I regret the day I met you.

Eddie Wallace, you had better come to see me real soon.

Your loving girl,

brush strokes."Rubins had never seen an artist with a brush handle ten feet long.

One of the greatest nudes ever painted was done by the brush of Velesquez,and it was the only feminine nude figure he ever painted. After Velesquez did this picture entitled "Venus", It was attributed to another artist.Only recently was the painting proved conclusively to be Velesquez's.

Velesquez did not do the picture at the head of this article. Mr Kelly is guilty of that.

Velesquez is represented by several extremely poor examples of his work in the Ringling Museum, Spanish Room.

Rinker would look out of place swinging a grubbing hoe.

Quite a number of boys went home on leave last week end. We wonder if is Spring that causes these trips?

The skating ring in Arcadia had an added attraction with Beans and Babe doing the fancy falling last Wednesday night.

POETRY

The trouble with all woman kind I see
Is that they are not what they want to be
If short they would like very much to be tall
Sad with their looks theyer not satisfied at all.

The trouble with all man kind I See
Is that theyer just what they'ed like to be
Each thing that they do is a wonderful feat
And they know that with one double that they just can't be beat!
